

Colossus 1x (ZrO_2)

Product Overview	
Core size	3-8 nm (rods)
Functionalization	30 – 40% Organic (Oleic acid)
Compatible with	<ul style="list-style-type: none"> Organic solvents Polymers
Crystalline Phase	Monoclinic
Storage	Dry powder or dispersion in toluene

X-Ray Diffraction of ZrO_2 . Peaks compatible with the diffraction pattern of the monoclinic phase.

Thermogravimetry of ZrO_2 sample. Loss of about 35% mass.
